TORCH APPLIED TO BODIES IN FLORIDA KEYS

DANGER OF PESTILENCE IS LESSENED

Sheriff Estimates 150 Bodies Will Be Burned

Miami, Fla., Sept. 7.—(AP)—Danger of pestilence in Florida's tragedy-stricken coral keys was lessened tonight as flames flickered from scattered funeral pyres of storm dead.

As quickly as Protestant, Catholic and Jewish clergymen could rectify their church's farewell to the dead, workers applied the torch of the obliterated bodies of decomposed victims of Monday's hurricane.

Sheriff D. C. Coleman, heading 500 workers in the storm area, estimated 150 bodies were affected by the cremation order, issued over the wish of President Roosevelt when health of fliers saw disease imminent.

The latest tabulations of the storm's toll by the FERA and Red Cross disclosed these figures:

Veterans in the three key camp 716
Unidentified dead or missing 281
In hospitals 138
Identified dead 46
Rescued injured or slightly hurt 244
No record 7.

Civilians missing and unaccounted for 90.
Dead unidentified 8
Dead identified 21
Injured 286

The first mass burning—36 bodies—was at Snake Creek, within a few hundred feet of the jumbled wreckage

Angela Deoma, 18 Gets Her Man One Way or Another

Cleveland, Sept. 7.—(AP)—Angela Deoma, 18, is a woman who gets her man one way or another. Frank Genovese, 20, found that out today.

Angie told policemen that she had been "madly" in love with Frank for three years but that he refused to marry her. "So," Angie related, "I got a marriage license and two very good friends of mine and we waited for Frank outside a movie house the other night. The young men told Frank 'You and Angie are going to get married.'"

"Oh, no, I'm not," Angie said Frank replied.

"But he got into the car and we drove to Ripley, N. Y., where a justice of the peace married us."

Frank, at his home today, said he was going to get a divorce.

Angie hearing this, replied: "Oh, I don't think he will. I've still got my friends."

HARLAN CASTS VOTES UNDER SHADOW GUNS

750 Guardsmen On Duty At The Polls Saturday

WOMAN KILLED IN FALL FROM LOOP BUILDING

Coroner Says She Was Despondent Over Love Affair

Chicago, Sept. 7.—(AP)—The death of Miss Afton Ramsey, 23, pretty stenographer who plunged from the 17th floor of a loop office building this morning was charged by a coroner's jury to "suicide while in a despondent frame of mind over a love affair."

The verdict of suicide was returned five minutes after Jack Janszen, whose office faced that of Miss Ramsey across an elevator shaft, told of her declaration of love.

"The love, he testified, was not returned," Janszen explained, "that he already was engaged to another girl."

"One day Afton came into the office and asked if she could talk to me," he told the jury. "I said 'Yes.'"

"Then she said right out that she was very much in love with me, and I said, 'Wait a minute, let's talk this over.'"

"She said she couldn't do her work properly that she always waited for me. But I told her we could only be friends."

Janszen said he once visited Miss Ramsey with her sister, Vida, who came here with Afton and her mother some years ago from Springfield, in their apartment, but never paid "attention" to Afton other than to be friendly with her.

"Later she told me she was awfully sorry that she thought so much of me and bothered me, and that she was glad it was all over," Janszen said. "I had told her that I was going to be married—she knew the date."

Miss Ramsey, employed in the office of an (Mutual Life of New York) insurance company, reported for work this morning, and soon after stepped into a private office fronting on busy La Salle street.

A few minutes later fellow employees heard a crashing of glass. They rushed into the room and from the windows saw the girl's crushed body on the sidewalk below. It narrowly missed being run over.

North and South Pledge Amity

Flags of the Union and the Confederacy will fly side by side at a joint reunion in Gettysburg in 1938 and here two veterans of the war of the states clasp hands, symbolizing the spirit of amity between the former foes. W. E. Dark, Winfield, La., Dixie veteran, left, and T. W. Woodcock, Amarillo, Tex., Union veteran, right, met at the United Confederate Veterans' 45th annual reunion in Amarillo and sealed the friendship pact after a session of reminiscence.

Republicans Consider AAA Possible Hazard to Their Hopes in "Farming West"

By Edward J. Duffy.
Associated Press Staff Writer.
Washington, Sept. 7.—(AP)—A week's brimful of political significance ended tonight with the industrial east counting an immediate concern of Democratic leaders and prominent Republicans considering the AAA a possible hazard to their hopes in the farming west.

In two strokes, President Roosevelt was believed by party followers to have countered opposition contentions that the New Deal is hostile to private business and sound government financing.

Representative Amie (P.-Wis.) asserting President Roosevelt's signal of a "breathing spell" for business meant "the end of New Deal liberalism."

"The president's popularity among some liberal, labor and farm groups has been based on the hope that be-

ITALY CALLS CONSULS TO ADDIS ABABA

Many Regard Action As Indication Of Ultimate War

By James A. Mills.
Associated Press Foreign Staff.
Addis Ababa, Sept. 7.—(AP)—Italy called all its consuls in Ethiopia to Addis Ababa today in a precautionary move and one which many regarded as an indication of ultimate war.

Letigi Vinciguercio, the Italian minister in giving the order explained the great distances and lack of communications made it desirable to remove the consuls from possible danger zones, adding it would take some of them several weeks to reach the capital by horseback.

(A government spokesman in Rome said Vinciguercio acted on his own initiative in view of the unsettled conditions and not under orders of the foreign office.)

The recall, it was believed, certainly would not only disturb Ethiopians but also foreigners in the interior. The Italian minister told the Ethiopian foreign minister he believed his action would prevent a recurrence of alleged incidents involving mistreatment of consuls.

A French suggestion of the possibility of an Italian protectorate over Ethiopia, similar to Britain's position in Iraq, has been summarily rejected by Ethiopian officials as beyond all discussion.

Most Ethiopians also indignantly opposed a proposal attributed to Premier Laval of France to place

City Employees, Taxpayers In Cicero Clash

Chicago, Sept. 7.—(AP)—The tranquility which has been Cicero's since Al Capone left the suburb was disrupted today by a clash in front of the city hall.

One shot was fired into the air. Several persons were mauled.

Difficulties developed when a committee representing the Cicero taxpayers council bore down on the hall to file petitions demanding that a proposed \$935,000 bond issue be submitted to a popular vote.

Two dozen persons, described to police as municipal employees, blocked the path. A scuffle ensued. Several men tore the petitions from committee members' hands and raced away, tearing as they ran. The committee people got back on their feet and gave chase. They recovered most of the petitions.

Italy Is Preserving Her "Freedom Of Action"

By Wade Werner.
Associated Press Foreign Staff.
Geneva, Sept. 7.—(AP)—What was in effect an appeal to Italy and Ethiopia not to resort to force for the time being was dispatched today as a league sub-committee of five nations strove to find a way out of war.

The sub-committee after a brief morning session issued a communique stating that it "Relies on the governments concerned to refrain from any act that might compromise efforts."

GOLD PAYMENT BONDS BARRED FROM ILLINOIS

Attorney General Gives Opinion To Secretary Of State

Springfield, Ill., Sept. 7.—(AP)—Bonds pledging payment in gold, even though the pledge is limited by the "hedging clause" sanctioned by the Securities and Exchange Commission can not be qualified for sale in Illinois so long as federal law makes payment in gold impossible.

As the week ended, it appeared the league's machinery had made but small progress on the steep and slippery road toward an Italo-Ethiopian solution.

Optimists, however, could point out that the peace-makers had at least arrived at the formation of a small committee charged with continuation of the delicate task of conciliation. This responsibility is shouldered by representatives of Great Britain, France, Poland, Turkey and Spain.

The communique today was interpreted as an appeal to Italy and Ethiopia to avoid a resort to armed force. It is far from being a mutual pledge not to resort to armed force, however, which some delegates hoped the council would demand from Italy and Ethiopia.

This fact emphasizes how completely Italy has preserved "freedom of action" toward Ethiopia which its

Nine Projects In Chicago Approved
Chicago, Sept. 7.—(P)—Calling for the employment of more than 6,000 persons and expenditures of \$6,494,817, the Chicago projects were approved today by Robert J. Dunham, state PWA administrator, and forwarded to Washington for consideration. A total of 70 projects embracing the entire state and contemplating expenditures of \$11,258,988, was approved by Dunham as he sought to clear all applications before the September 12 deadline.

Among today's PWA requests was one of \$893,242 for the erection of a new school at Galesburg.

HOLD SUSPECT
Chicago, Sept. 7.—(P)—The police today held a man giving his name as Robert Jenkins, 25, Hillsboro, Ill., at the request of police at Carlinville, Ill. Sergeant George Wragg, who arrested Jenkins, said he was informed that other men in the theft of an automobile near Benld, Ill., Aug. 25 and a tavern robbery near Benld Aug. 26. The other three suspects, Wragg said, are in custody at Carlinville. Wragg said Jenkins admitted participation in the robbery.

Report Uneven Trend In U. S. Trade, Industry
Sentiment Highly Optimistic In Most Reports On Economic Status

By Eader Winget
Associated Press Financial Writer

Unfavorable weather coupled with the Labor Day vacation caused an uneven trend in trade and industry last week, but the total for the opening of the fall season remained well above the same period of a year ago.

Sentiment was highly optimistic in most of the reports on the economic status of the country, and the immediate view definitely was on the brighter side.

Business received a substantial boost from the statement of President Roosevelt that a "breathing spell" had arrived, and the reaction of business reports on retail trade showed some sections advancing strongly, but others were hampered by cold or wet weather.

Wholesale markets generally were quiet with buyers absent for the holiday, but the belief persisted that activity would swell to a much larger volume when the reaction of the customer to new fall lines is determined.

HEMPHILL WINS GOLF TOURNEY
Bob Hemphill won the Junior Boys' championship golf tournament of the Jacksonville Country club which was played this week on the local course.

Bob Hemphill defeated Charles DeWitt in the finals Saturday afternoon 1 up on the 18 holes. He was awarded a silver loving cup. The runner up was awarded golf balls.

In the first match, Edward Osborne won from Fred May, and Charles DeWitt won from Bill Hemphill. In the low bracket, Bob Hemphill won from Marcy Osborne, Jr. Willie Frank drew a bye.

In the second round, the semi-finals, Charles DeWitt won from Edward Osborne, Bob Hemphill won from Willie Frank, 1 up on the 18th hole.

Laws of Illinois

The General Assembly in the session which closed the latter part of June passed sufficient laws and joint resolutions to fill 1,455 printed pages. Most of these laws are general in nature and vitally concern the people of the state. But the average citizen will not discover that fact until some incident in his life brings him into contact with the new provisions. The great majority of the laws are amendments to existing statutes, changing them in vital or technical particulars.

The laws deal with everything from administration of estates to wills. Strangely enough the beginning and end of the bulky volume of laws consist of those concerning estates of deceased persons, perhaps the most common legal contact of the people. But scattered thru the book are hundreds of pages dealing with new laws concerning cities, villages and counties. Municipal and county officers need to acquaint themselves with the numerous changes and additions to the laws under which they conduct the government of their cities and counties.

Nearly 200 pages list the appropriations made by the General Assembly at the last session. Every item is vital to the Illinois taxpayer, as it shows for what his money is to be spent. He ought to know where his money goes after he hands it to the tax collector. Another group of laws deals with revenue, a subject of which the taxpayer should know something. Under this head he learns by what means his state contrives to extract money from him. Most people are already rather familiar with this phase of government and don't care to read about it.

Future of Cities

O. E. Baker, senior economist with the Department of Agriculture, says the population of our large metropolitan centers is due for a big decrease within the next generation. He predicts they will shrink to a third of their present size, and that the rural population will increase sixfold.

Have You Ever Figured

how much rent you will pay in ten years, and what you will have to show for it?

We will help you buy a home, purchase a lot or build a house, and pay for it in monthly payments. \$12.50 each month pays off \$1000.

WHEE!

Mr. Baker bases his predictions on figures from the 1930 census, which show the birth rate in cities to be 40 per cent below that sufficient to maintain the present population. At the same time the rural birth rate was about 50 per cent more than enough to maintain the population.

The economist points out that in a city a child is an economic liability, while in the country he is an asset. He can contribute to the man power on the farm, but he must be cared for in the town and does not yield any return on the investment in him. Rather a coldblooded way to estimate the value of children, but this is a sort of cold-blooded age, and economists are not sentimental.

But Mr. Baker seems to forget the fact that the rural child matures and becomes tired of being an asset with perhaps little cash compensation. He beats it to the city, where he can get a job and cavort among the bright lights. And the city kid dreams of green pastures, maybe, and gravitates to pastoral scenes. All this may upset economist's dope bucket, but he tells a good yarn anyhow.

Rivers of Air

From the British Isles comes a statement of Professor Dedenham that some day the Antarctic region will be ringed about with wind mills to generate power that will come by wireless to all the cities of earth and supplant coal, oil and water power. Niagara Falls pouring 6,000 tons of water per second over the ledge cannot be compared with rivers of air fifty miles an hour. The good Professor would harness that air and solve the power problems of the world.

But why go so far from home to build a generating plant? The government of the United States will be glad to furnish money to build wind turbines in the ventilating shafts of the Senate and House. Wired to a distribution switchboard these should furnish ample power for all purposes. The President could keep Congress in perpetual session, which would mean an addition of only four months to the regular time each year.

But a river of air fifty miles wide with a 50-mile an hour current is something to contemplate. Such a force should not go to waste. With this supply piped to the centers of civilization, air conditioning would be comparatively inexpensive. But wind mills seem hardly practical so far from the place where power is to be utilized. But in that isolated region they would at least be safe from the assaults of modern Don Quixotes.

Expect 3 Governors to Attend Democrat Rally September 18

Missouri, Indiana Chiefs Invited to Big Party at Springfield

All pre-campaign Democratic activities will be centered in the big Round-Up at the Illinois State Fair grounds on Wednesday, Sept. 18. This is the third annual star affair sponsored by the Illinois Democratic Veterans' League, and promises to far exceed both previous meetings in number attending.

An invitation is extended to every Illinois voter to attend, regardless of party affiliations. Governor Paul McNutt, of Indiana, and Governor Parks, of Missouri, have been invited and have indicated that they will arrive in Springfield on the 18th of September.

A special train, known as the Kelly-Nash Special, is to bring the Chicago delegation. Lieutenant Governor Thomas F. Donovan and party from Joliet will also arrive on the special. Committees are arranging to bring delegations from every county in the state so that it will be a state-wide get-together-conclave in every sense of the word.

Governor Horner and U. S. Senator Bennett Clark of Missouri, son of the famous "Champ" Clark, are to be the principal speakers.

Senator Clark, like his father, is one of the most able and most forceful speakers of the party. Other speakers will include U. S. Senator Wm. H. Dietrich, of Beardstown, and Congressman Scott W. Lucas, of Havana. Honorable Bruce Campbell, chairman of the Democratic State Central Committee, will preside.

John Steele, Edward J. Hughes, Edward J. Barrett, and other elective state officials, will be present to greet the host of friends attending.

KITNER RITES TO BE MONDAY

Body Arrives From Chicago Saturday; Funeral At Westminster Church

Funeral services for Mrs. Anna F. Kitner, who passed away Friday afternoon, at the home of her daughter, Mrs. L. L. Mullins, in Chicago, will be held Monday afternoon at 2:30 o'clock at the Westminster Presbyterian church. Rev. W. C. Meeker will have charge of the services, and interment will be made in the family lot in Diamond Grove cemetery.

The body arrived late Saturday from Chicago and was taken to the Gilliam Funeral Home. The remains will be taken to the residence of Harry Kitner, 1341 West Lafayette avenue, this morning, and will be removed to the church an hour before the services.

Mrs. Kitner's death followed an extended illness. She had been in failing health for three months, and at the time of death was 86 years, 2 months and 3 days old.

She was born July 3, 1849, on the Massey homestead on Mound Road west of Jacksonville, her maiden name being Anna Frances Massey. She was the fifth of eight children born to Stephen S. and Levina A. Massey.

The decedent was united in marriage with Andrew J. Kitner March 16, 1875, who passed away Dec. 18, 1899. To this union were born four children, Nellie M., deceased wife of W. C. Welty of Hoopston, Ill.; Harry E. Kitner, Jacksonville; Minnette, wife of J. A. Munson of Minneapolis, Minn.; and Eva M., wife of L. L. Mullins of Chicago.

Two of Mrs. Kitner's eight brothers and sisters survive her. They are Mrs. Clara E. Moffett and Silas Massey of Los Angeles, Calif. She leaves eight grandchildren and two great grandchildren.

Mrs. Kitner joined the Westminster Presbyterian church at the age of fourteen years, being a loyal and faithful member until death. She very

Wall Mason Passes Away Saturday

Well Known Grace Chapel Farmer Dies at Age Sixty-four

Wall Mason, a prominent farmer of the Grace Chapel community, passed away Saturday morning at his home, after an illness of several weeks. He was 64 years old.

Mr. Mason was born in Adams Co., Ill., Feb. 10, 1873, a son of Charles and Hannah Mason. He was united in marriage with Miss Clara Daniel Jan. 14, 1897.

Surviving are his wife and eight children: Mrs. Floyd Goodpasture, of Concord; Mrs. Raymond Brainer, of Grace Chapel; Everett Mason, Sinclair; Floyd Mason, Arenzville; Mrs. Clyde Nickel, Concord; Clyde Mason, Sinclair; Raymond and Paul Mason at home.

There are six brothers and one sister, Douglas Mason, Lakenan, Mo.; William Mason, Plevna, Mo.; Thomas Mason, Perry City, Ill.; Warren Mason, Chicago; Charles Mason, Oregon; and Grover Mason, Jacksonville. There are ten grandchildren.

Mr. Mason was a member of the Liberty Baptist church, and of I. O. O. F. Lodge No. 4, Odd Fellows, of this city. He was highly respected as a citizen, enjoying the esteem of all neighbors and friends.

The funeral will be held Monday afternoon at 2:30 o'clock at Arcadia church, with interment in Arcadia cemetery.

Fire Wrecks Home Of Aged White Hall Man Friday Morning

Amos Smith Starts Cooking Beans And Goes to Work; Blaze Brings Havoc

White Hall.—Fire originating from an oil stove in the kitchen partially destroyed the residence of Amos G. Smith here about 9:30 o'clock Saturday morning. Mr. Smith, who is 81 years old and lives alone, had placed a kettle of green beans on the stove and had gone to his blacksmith shop nearby to repair a bicycle for Richard Peters who lives across the street.

The Smith home is located on the street in the rear of the M. E. church. In a little while Mr. Smith and young Peters saw smoke pouring from the kitchen windows. They went to the Peters home and telephoned the fire department. Firemen responded at once and were able to save the front portion of the structure.

The furnishings of the home were practically destroyed, together with the rear rooms. It is a five-room frame residence. Mr. Smith stated he had \$1,000 insurance on the dwelling. He said he went to the kitchen once to inspect the beans he had started cooking and had turned down the flame of the oil stove. It is not known whether the blaze flared up again or the beans boiled over to start the fire.

Behind The Scenes In Washington

Trouble's Being Cooked Up for Jesse Jones... "World's Biggest Banker" Is Accused of Playing With Enemies of F. R. ... There'll Be Show-down on Railway Reorganization.

BY RODNEY DUTCHER Journal and Courier Washington Correspondent

Washington.—Plans are being laid in various quarters for attacks, both behind the scenes and in public, on Chairman Jesse Jones of the Reconstruction Finance Corporation.

Jesse seems likely to be in for plenty of trouble unless he can demonstrate that he isn't playing favorites with the Wall Street crowd (the Morgans at the head of the list) and other enemies of the administration. For the gang that has gone sour on Jesse is tough and usually rather effective.

A couple of cabinet members, at last reports, were preparing to tell Roosevelt that "the world's biggest banker" was playing too close with the president's political enemies.

But the chief complaint of the wrecking crew is that Jones is willing to lend a hand—and a lot of government money—to the lawyers, bankers, and managing executives who raked in millions from big railroads now in receivership and are anxious to start the same process all over again at the expense of investors.

The Missouri Pacific is still in the hands of the Van Sweringens, who are in the hands of Morgan. The Vans never put any money in it, but before going bust in 1933 it borrowed \$23,000,000 from RFC under their auspices on the basis of a financial statement which RFC lawyers publicly claim was "an amazing act of concealment" of liabilities.

The RFC attorneys also charge "concealment, misrepresentation, and secret profits" and the unloading of millions of Van Sweringens speculative stocks on Missouri Pacific when it was in bad financial shape.

Played by Bondholders Now the Vans, with Morgan holding their holding company shares as collateral for a \$48,000,000 loan—the same holding company whose shares it holds controlling Missouri Pacific—come to RFC with a reorganization proposition under which bondholders would get \$7,500,000 a year instead of \$25,000,000 as now.

It is charged that the promoters, bankers and lawyers would proceed to clean up at the expense of the bondholders, and the Independent Bondholders' Committee asks "if control is to be handed over to men who have no money in the road, who owe it money and are penniless... to financial jugglers? Fancy bookkeepers? Stock market operators? Promoters? Men who are nimble-footed in escaping government regulation of their high finance, nimble-handed in getting government loans on statements which do not reveal the truth, nimble-witted in making penniless debtors the masters of their creditors' property?"

A Poser for Jones Jones must answer that question

Some New Adjectives to Describe the 2-Part Spring-Air Sleep Cushion

We don't like to go to extremes with our adjectives—but what are we going to do with a product like the new 2-part Spring Air Sleep Cushion? It's more than a mattress. For one thing it's easy to handle — so easy that even a child can carry it. It's easy to keep clean and fresh. And it is actually more comfortable than anything else you have ever slept on!

What's more, this comfort is in Spring-Air to stay—it does not diminish with use! We can go ever further and say that it is the most economical of all mattresses to own. Yes, we're coaxing you to buy one—but more than that we're inviting you to make us back up our statements. Come in, won't you, and learn about Spring-Air first hand.

Hopper & Hamm

and also decide whether the banker-lawyer-manager crowd now operating the Chicago, Milwaukee & St. Paul (a vast economic power in twelve states, with book value of more than \$700,000,000) shall have more RFC millions for a reorganization which parallels a previous reorganization that made millions for lawyers and Wall Street bankers, which Railroad Co-ordinator Eastman predicted would fail and which did.

Bondholders and RFC lawyers charge bondholders would again be supplied by an arrangement to transform their holdings into preferred stock—which earned no income even in the boom years of 1928-29 and has been known to drop to 2 cents on the dollar.

Own Fate Up to Jesse

The St. Paul crowd came straight to Jones to complain against RFC lawyers who had suggested to inquiring senators and representatives that new reorganization legislation be made to apply to pending reorganizations. Judge Wilkerson in Chicago had refrained from appointing a trustee for St. Paul since its last bust, which meant creditors were powerless and unable to learn whether the management—which went right on rolling along—had handled affairs improperly and could be sued.

The new law required judges to appoint independent trustees, but the House passed a bill which didn't make that apply to current bankruptcies. Senators Barkley and Wheeler, on advice of RFC lawyers, fixed that. Congressman Marconzio fixed it in the House.

Jesse's attitude toward the Van Sweringens and the St. Paul organization promoters, heretofore considered friendly, may determine his tenure of future employment here. This story is a hot, exclusive, inside tip unless there's some change.

Not to be too mysterious about it, one can reveal that there are potent men in both Senate and House who are sure about this railroad reorganization game and have Jesse on their bad books. In addition to some pulsant officials downtown.

Woman Unconscious Eleven Hours From Injuries in Accident

Mrs. Earl Ross Victim of Runaway in Cass County Near Virginia

Mrs. Earl Ross, 35, who lives 6 miles northeast of Virginia, regained consciousness Friday after being thrown from a rack wagon at 6 o'clock Thursday afternoon by a team of runaway horses.

She was unconscious 11 hours, not being able to recognize anyone. Her face is badly bruised and swollen, but she was not cut, and Dr. J. G. Franken of Chandierville believed there were no fractures.

Mrs. Ross had been visiting her sister, Mrs. Uel DePrates, near Virginia. As she climbed into the rack wagon to return home with her husband, the team became frightened and started on a run-away. Mrs. Ross was thrown face downward on the ground.

Mr. Ross got the team under control, but his wife was unconscious when he picked her up and returned her to her home.

Although she is suffering from shock and bruises, it is believed she will recover. She is the mother of five children, the oldest of whom is Bobby, 16.

FOR GOOD, LOW-COST

Service

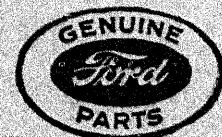

LOOK FOR THE FORD SIGN

THE Ford Motor Company very early decided that good service was as necessary as correct design and efficient manufacturing.

To give you service that measures up to factory requirements, Ford dealers' mechanics are factory trained. The modern, efficient equipment they use, such as the Ford Laboratory Test Set, saves you time and money. Charges are low, because uniform flat rates prevail. Perhaps one of the most noteworthy savings has been effected through the Ford Factory Engine Exchange Plan, which eliminates the old-fashioned costly overhaul.

Today we believe that Ford dealers and those garages which display the "Genuine Ford Parts" sign combine to provide the most complete, most satisfactory type of service available anywhere. Use these facilities and get the utmost in performance and economy from your Ford car or truck.

FORD MOTOR COMPANY

Your Ford dealer always lubricates your Ford in accordance with factory specifications. He has the modern equipment and skilled mechanics necessary to do good work.

Typical of the modern, scientific equipment used by Ford service stations is the Laboratory Test Set, which quickly and accurately checks engine and electrical performance.

At less cost than an old-fashioned overhaul, you can exchange your present Ford engine for a factory-reconditioned cylinder assembly. Many other units are also included in this service.

Cards And Cubs Win While Redlegs Are Trimming Giants 4-2

Augie Galan Continues His Game-Winning Hitting and Cubs Blank Phillies 4 to 0

Chicago, Sept. 7.—(P)—A continuation of Augie Galan's game-winning hitting, plus Bill Lee's six-hit pitching, gave the contending Cubs a 4 to 0 shutout victory over Philadelphia today and with it a clean sweep of the four game series.

Galan, who homered twice to win Wednesday's game and who hit the tying triple and winning homer in yesterday's contest, drove in the first two runs with a fifth inning single today after Rookie Hugh Mulcahy had passed Hack and Jurgens and both runners had advanced on a passed ball.

Singles by Lindstrom and Hack, surrounding a walk, added another Cub tally off Mulcahy in the sixth, while Chiozza's fumble of Demaree's ground-ball and Jurgens' single added the fourth run off Relief Pitcher Jim Blvin in the eighth.

Lee, in hurling his season's 16th victory against six defeats, had his shutout seriously threatened only in the third inning when Allen singled with one down and took third on Chiozza's one base blow. That was the only time in which the Phils got more than one hit.

Umpire in Chief Barr chased Pitchers Ray Prim and Orville Jorgens from the Philly bench in the second inning as a result of a bat-tossing demonstration that followed Manager Jim Wilson's futile protest about a third strike on Vergez. Wilson claimed the strike was a foul tip. Coach Hais Lobert also was banished for prolonging the argument.

Phil Cavarretta, young first year first sacker of the Cubs, was presented with an automobile by his friends from the local Italian colony before the game. He also was given a radio by his teammates.

Yankees And Sox Split Twin Bill

New York, Sept. 7.—(P)—The Yankees and the White Sox split a doubleheader to wind up their season's affairs today before a crowd of 21,733 cash customers. Chicago won the opener 3 to 2 behind the five-hit fling of Ted Lyons and the Yankees took the second game, 5 to 2.

Lyons helped himself along to his 14th victory of the season by driving in one of Chicago's two second-inning runs. The Yankees evaded the score in that inning on Bill Dickey's homer, but the Sox won out in the sixth on Zeke Bonura's triple and Manager Jimmy Dykes' single.

Charley Ruffing blanked Chicago for eight innings of the afterpiece, but had to be relieved in the ninth when Vernon Washington's homer started a two-run rally. The Tanks pounded Monte Stratton for ten timely blows. Blondy Ryan driving in three runs.

Two Virginia Boys Monmouth Squad Five Regular Linemen And One Back Lost By Graduation

Monmouth, Ill., Sept. 7.—Fifteen lettermen are included among forty-six players who have been invited to begin varsity football practice at Monmouth College on Monday, September 16. H. Hart, athletic director and football coach, in notifying the squad asked them to be in condition to begin stiff workouts at once for the schedule allows only twelve days between the beginning of practice and the first game.

Those invited to the opening practice include Arthur Watkins and Thomas Whelan of Virginia.

Monmouth was undefeated in the midwest conference last year and hopes to cop championship honors again but must hurdle five stiff opponents during the season. In the Illinois Conference Monmouth meets four college teams.

From last year's Fighting Scots eleven there will be missing a few regular linemen all lost by graduation: Bert Minton and Jack Nuding, tackles; Randall Gray and Clyde Daniels, guards and Peter Frantzen, end. The backfield will miss Don Irwin at quarter back.

The building of line is problem which must occupy most of Coach Hart's attention. Bobby Wolf, backfield coach, will have a different sort of problem in backfield where he has eight lettermen available and a goodly number of other boys who will be in there fighting for a place in the lineup.

The schedule:

Sept. 28—Burlington Junior College at Monmouth.

Oct. 5—Lawrence at Appleton, Wis.

Oct. 12—Coe College at Monmouth.

Oct. 19—Bradley Tech at Monmouth.

Oct. 26—Cornell College at Mt. Vernon, Iowa.

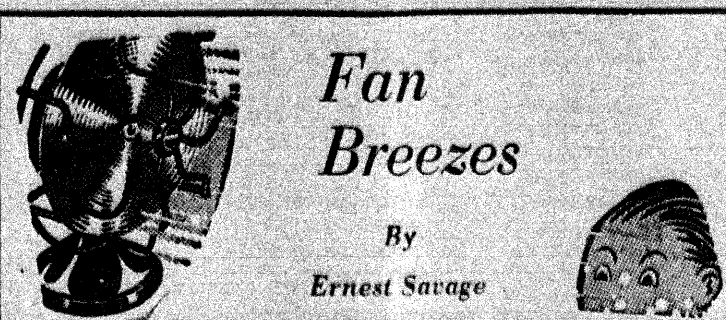

Nov. 2—Carthage College at Carthage.

Nov. 9—Beloit College at Monmouth (homecoming).

Nov. 15—Augustana College at Monmouth.

Nov. 23—Knox at Galesburg.

With the dove shooting in full away, we ran across the following information about hunting in Edward J. Hughes' "Laws of Illinois" that might be of some interest.

—O—

Squirrel season is now on, and you may hunt them with impunity. The season opened July 15 in the southern zone, August 1 in the central zone, and Sept. 1 in the northern zone. It ends Dec. 1 and has a daily limit of 10 dogs and a bag limit of 20.

—O—

There will be a five day season for shooting rock pheasants, with a limit of two a day and a bag limit of six. The season is from November 10-15 in the northern zone, November 20-25 in the central zone, and November 30-35 in the southern zone.

—O—

Quail season opens November 20 and lasts until December 20 in the central zone, of which this is a part, with a limit of 12 a day, a bag limit of 35, and the provision that it is unlawful to shoot more than 125 birds during the season. Hunting for quail in the northern zone opens Nov. 10 and lasts a month, and in the southern zone Nov. 25 and lasts until Christmas.

—O—

On November 20 it will become legal to shoot rabbits, and will remain legal until Jan. 31 in the central zone. There is a limit of 15 a day on the bunnies this year.

—O—

Allen "Cyclone" Smith, who is line coach at St. John's Military Academy, at Springfield, is spending a few days in the city visiting with his parents and friends.

—O—

Smith is looking forward to an interesting year with the Soldiers, who will have almost a completely new team this year. The St. John's boys are planning on an aerial trip to California where they will play against a California military academy team.

New York.—(P)—What with steady rains and correspondingly few games, there was very little action in the battles for the major league batting titles during the past week and what there was didn't go far toward settling the arguments.

The biggest stir was provided by the Washington veteran, Buddy Myer, who clambered from fourth place to second among the American League's leaders.

Myer added three points to his average, bringing it up to .343.

In the National League, where the race is practically settled, Arky Vaughan of Pittsburgh, the leader, lost one point and his nearest rival, Joe Medwick of St. Louis, gained one. That still left them 28 points apart.

Vaughan at .397 and Medwick at .369. The first ten regulars in each major league follow:

World's Champions Wallop Boston Braves 8 to 5 For Sixth Consecutive Triumph

St. Louis, Sept. 7.—(P)—The world champion Cardinals swept their four-game series with Boston by drubbing the last place Braves 8 to 5 today for their sixth consecutive triumph.

By their victory the pace-setting Cardinals maintained their two-and-one-half game lead over the Chicago Cubs and increased their first place margin over the Giants to four games.

Paul Dean was hit freely for 12 safeties, but the heavy artillery of his teammates enabled the younger member of the first family of baseball to registered his 17th win of the season and swell his and Dizzy's total to forty-one, only 8 victories behind their combined 1934 record.

Joe Medwick, clouting St. Louis outfielder, drove in two runs with three singles to raise his season's hit total to 199, while Wally Berger, Boston centerfielder, led a little Braves' rally in the eighth with a home run—his 31st of the year—that scored three of the visitors' runs.

After scoring once in the opening inning and adding another tally in the second on fluke plays, the Cardinals put the game away early with a 4-run drive in the third.

Terry Moore reached first after beating out a high bouncer in front of the plate and advanced after Whitney threw out Jack Rothrock. He scored a moment later on Manager Frankie Frisch's single. Medwick then singled and both he and Frisch came home when "Ripper" Collins tripled. The Ripper brought in the fourth run when "Spud" Davis drove deep to left.

Woodland Inn Serving today. Noon and evening. Athletics Drop Two To Tigers

Philadelphia, Sept. 7.—(P)—Mickey Cochrane's dynamiting Detroit Tigers smeared the Athletics in both ends of a doubleheader today, winning the first game 9 to 7 and then routing it in with a 15 to 1 conquest.

A six-run Detroit rally in the fifth, aided by Marvin Owen's homer with two on, featured the first game along with Jimmy Fox's pair of four-baggers, but the real hero of the day was Pitcher Elden Auker's nightcap twirl.

He knocked at the door of the Hall of Fame by hurling perfect ball for seven innings, allowing no Mackman to reach first. Then in the eighth, R. Moore, rf, singled him for a double and McNair garnered a single to spoil his no-hit chances.

Twelve thousand fans saw the double bill, which lengthened the Tiger lead over the New York Yankees by pitcher, by P. Dean (Sporer), Losing pitcher—Macfadden. Umpires—Reardon, Klem and Stewart. Time—1:38.

Local Tennis Men Play Peoria Today

The six top ranking racketeers of the Jacksonville Tennis Club will leave early this morning for Peoria where they will tangle with the most formidable group of players on their schedule for this summer. With a record of five victories against no defeats behind them for the present season, Bob Hammett, Elmer Lukeman, Kenneth Chenoweth, Jack Moriarty, Dave Lander, and Bill Clark will attempt to bring home the bacon.

Whether or not they have bitten off more than they can chew would seem to rest upon the presence of Ed Davis and his partner, Black, in the Peoria lineup. Davis is the present champion of the Little 10 conference and one of the outstanding tennis players of the state. Black scored a previous victory this year over Jacksonville's number one ranking man, Bob Hammett, in the finals of the Abington tournament.

There is some possibility that these two will be in Iowa at the tri-state meet and if this is so, it will be a considerable burden taken off of the six Jacksonville chiefs. But even with their gentlemen absent, Peoria can boast a very strong team and one that is not well known to the local players. Under any circumstances, the matches should be very interesting and valuable to the Jacksonville group.

Almost Veteran II Encourages Zuppke

Regular Line Intact With One Exception; Four Backs Return

Champaign, Ill.—An optimistic air pervades the Illinois football camp as Coach Bob Zuppke and his aides make ready for the opening of practice next Tuesday.

Chiefly responsible for this feeling is the return of a seasoned group of players who played an important part in making possible the fine record of the Illini last year. Zuppke will look to these veterans, supported by reserves from last year and to the best of the sophomore crop.

Especially encouraging is the fact that the regular line of 1934, which played such heroic football, is intact with the exception of the guard position left vacant by the graduation of Chuck Bennis.

Jack Beynon, whose adept passing was such a factor in the Illinois attack for three seasons, Frank Froshauer, Crain Portman, and John Fischer are backfield losses. Bennis, guard; Bill Walker and Bart Cummings, ends, and Andy Dahl, tackle, are the other lettermen gone.

This leaves eleven lettermen who are expected to be available: El Bayre, center; Ed Gryboski, guard; Captain Chuck Galbreath and Arvo Antilla, tackles; Will Henry, quarterback; Les Lindberg, halfback, and Howie Garson and John Theodore, fullbacks.

Another experienced candidate will be Cliff Kuhn, who won his letter as a reserve guard in 1933 but was not in the university last fall. Zuppke has considered using him at end.

Tom Wilson, end, a letterman in 1930, who returned last February, will also probably be a candidate. Zuppke may shift him to the backfield.

George Frederick, 196-pound center, a reserve for two seasons, is regarded as a prominent candidate. John Lipson, guard, who reported late last season as a fullback but was shifted

Durocher Credited With Boosting Team

Cardinal Shortstop Handles Many Chances Without Error in Drive

St. Louis, Mo.—Usually when a team makes a great drive for a pennant, it is the hitters who receive the notice, but it would be impossible to describe the recent great spirit of the world champion Cardinals to the head of the National League pennant race without calling attention to the stellar defensive work of Leo Durocher, Cardinal shortstop and captain.

Durocher has been playing perfect defensive ball so long that fans are beginning to regard him as practically infallible.

His most recent streak of errorless ball started on August 1. He fumbled a hot grounder in the seventh inning of a game with the Cincinnati Reds on that day, but from then until last Wednesday in a game here with the Boston Braves he did not make a single miscue. A tricky grounder slipped between his hands Wednesday, but it was his first error in thirty-two games. During his streak he handled a total of 184 chances, piling up 105 assists and 79 put-outs.

The Cardinals will complete their series here with the Boston Braves tomorrow and then will take on Philadelphia, beginning with a double-header on Sunday.

There will be single games next week with the Phillies on Monday, Tuesday, and Wednesday, and then the New York Giants will come to town for one of the most important series of the year. The Giants will play single games next week on Thursday, Friday, Saturday, and Sunday.

Redlegs Defeat Giants 4 To 2

Cincinnati, Sept. 7.—(P)—Gene Schott, young Cincinnati right hander, pitched the Giants down into third place in the National League standing today when he and the rest of the Reds trounced New York 4 to 2 in their final encounter of the season.

Leading Chicago by two percentage points up to today, the Giants wound up a game and a half behind the Cubs, who defeated the Phillies.

Scott gave three hits in the first inning then only one more up to the ninth, when Hank Leibert's double brought in Travis Jackson, who had singled.

RIVAL CONCERNS IN EAST ST. LOUIS SEEK TRANSPORT RIGHTS

East St. Louis, Ill.—(P)—Two rival concerns today were seeking rights to operate buses in East St. Louis to supplement the street car system which will be discontinued soon.

The East St. Louis Coach Service, Inc., organized and filed an application with the State Commerce Commission yesterday for a certificate of convenience and necessity. Immediately afterward the East St. Louis City Lines, Inc., obtained a charter and likewise filed an application with the commission. Both will be heard at Springfield on September 21.

Operators of the street cars, the East St. Louis Railway Company, announced last month the heavy losses had brought a decision to discontinue service.

Call Blueboy Grid Squad Here Friday

Physical Examinations Will Take Up Part Of Time; Nusspickel On Way

Illinois College's football stalwarts, virtually the same team that came within ten seconds of a little 19 championship last year, will report here on Friday of this week. Athletic Director LaRue Van Meter announced yesterday and practice will get underway as soon as physical examinations can be completed.

Raymond Nusspickel, who will be in charge of the Blueboy gridgers again this year, is expected to leave New York City, where he has been spending the summer; today and arrive here Tuesday. Nusspickel has been taking work in one of the large eastern schools in an effort to obtain a master's degree.

Only two defections from the ranks of the team which last year lost only to Western Teachers College of Macomb in the only night game of the season, have been reported. Fredrick, co-captain and tackle, will not be back, because of financial difficulties, and Bob Miller, center and end, has entered West Point on an appointment received during the summer months.

Otherwise Coach Nusspickel will have virtually the same team available for football that ran up a string of victories last year. Roy Collin, regular end and captain of the team, was graduated, leaving both end positions wide open, but it is rumored around the hilltop that one all-Chicago end, and another all-state end from down state, have cast their lots with the Blueboys.

Fedura, although not a regular starter last year, was one of the most valuable men on the football squad. Two tackles, however, both of whom were regulars, will be available in Steve LaRusa, who has been working here most of the summer, and Mefford Kurtz, of Belleville.

Another Blueboy ace, Willis Munger, guard, who won all-state honors last year, and Vernon Ford, another tough guard, will be available, along with the Blueboy's star center, Captain Louis Davis.

Tony Donat, regular quarterback last year, already is in the city, and Sammy Mangler, a hard running halfback, also has been here to make arrangements for returning this fall. Nick Watts, punter and drop-kicker, has been here all summer, along with Bill Pervinsek, another backfield or tackle possibility. Russell Speuhr, the Chicago lad who became a sensation last year, also plans to return along with Dan Stucka, a reserve back, and Ed Hansen, also a reserve back.

Just what the freshman class will produce in the way of football material, Athletic Director Van Meter said he preferred to leave any comments he might have to make on the class until the boys get on the campus and into the swing of things. He said, however, that he is not expecting a lot of material and therefore, if it doesn't get here, he will not be disappointed.

Big Quarterbacks to Be Pitt Stronghold

Tough Schedule Ahead For Panther Team Hard Hit by Graduations

(This is the fifth of a series of stories of the prospects of major college football teams.)

Pittsburgh—(P)—If Pittsburgh has nothing else this year—except the usual horde of massive football players and as tough a schedule as there is in the country—the Panther tradition of quarterbacks who look like overgrown tackles will be maintained.

This year, with only Verne Baxter on one end and Bob LaRue at halfback surviving the mighty array that left only to Minnesota in 1934, the new quarterback will be one Arnold Greene, a 205-pound junior from Huntington, Pa., successor to Miller Munjas, and before him Bob Hogan, a couple of kicking behemoths who never saw in college the lighter side of 210.

Greene is one of the bright lights in a dark world for Dr. Jock Sutherland, the Scotch dental professor who in the past 10 years at Pitt has coached teams than won 79, lost 16 and tied 8.

"He calls signals like a trainman, kicks like a kangaroo, and runs about as fast," says the Pittsburgher calmly. Sutherland must turn chiefly to sophomores to fill the breaches. Sutherland feels that if the Panthers can get past Notre Dame, beaten for three straight years, everything will turn out all right.

"That will be the big test," he says. "The schedule builds up well for us, and that's help. But running into Notre Dame so early is going to be tough. I think they'll have one of the best teams in the country. We'll be coming along by November, but we'll be pretty green in October."

The schedule:
Sept. 28, Waynesburg; Oct. 5, Washington & Jefferson; at Washington, Pa.; Oct. 12, West Virginia; Oct. 19, Notre Dame at South Bend; Oct. 28, Penn State; Nov. 2, Fordham at New York; Nov. 9, Army; Nov. 16, Nebraska; Nov. 28, Carnegie Tech; Dec. 14, Southern California at Los Angeles.

Myrtlewood Is Still Winning

By Charles Dunkley.
Associated Press Sports Writer.

Chicago, Sept. 7.—(P)—The fleetest sprinter in the Midwest is still Myrtlewood.

The rangy three-year-old filly, owned by Bromwell Combs of Lexington, Ky., holder of the world record for six furlongs, demonstrated it again today in galloping to a neck victory over C. A. Peck's West Main in the \$5,000 added spring handicap at Hawthorne. She didn't equal her world mark of 1:09 2-5 for six furlongs, but did equal the Hawthorne standard of 1:10 3-5.

Myrtlewood was held off the pace by Jockey Jimmy McCoy until the field rounded the stretch turn. From there on with West Main in hot pursuit, she overhauled Advantage and Isaiah, pace-setters in the middle stages. West Main made a game bid, but was not quite able to catch the flying filly.

Clang, owned by John F. Clark, Jr., co-holder of the world record of 1:22 for seven furlongs, also finished with a stirring rush, and landed third a neck back of West Main. Myrtlewood came from behind a brisk early pace of 32 3-5 and 46 cut out by Transmutability. She was forced back slightly at the far turn, but moved up on the outside and had enough left to withstand West Main's closing drive.

Myrtlewood, the favorite in the wagering, justified the backing of her share of the 14,000 spectators, and earned \$4,450 for her owner. She paid \$4.40 to win, \$3.20 to place and \$3.60 to show, while West Main paid off at \$6.80 to place and \$4.80 to show. Clang returned \$4.20 for show bets.

Indians Take Two From Red Sox

Boston, Sept. 7.—(P)—The Cleveland Indians smothered a ninth-inning rally by the Boston Red Sox with a triple play today in the first game of a double-header, both games of which they won, 5 to 3, and 5 to 4.

The Red Sox, going into the ninth inning of the opener with the score 5 to 1 against them, managed to push two runs across the plate and keep the bases full with no outs.

Manager Joe Cronin then smashed a liner to Third Baseman Hale who couldn't hold the ball, but deflected it toward Shortstop Knickerbocker. Knickerbocker caught it before it touched the ground, tossed it to Second Baseman Hughes who stepped on the bag before Werber could return. Hughes then relayed the ball to First Baseman Trosky before Almada could get back.

The Red Sox outbit the Indians, 13 to 9, in the first game, but home runs by Hale and Wright and two doubles by Vosmik provided the needed extra punch.

Cleveland scored what proved to be the winning run of the nightcap in the sixth inning on a base on balls to Knickerbocker and singles by Hughes and Brenzel. The Indians took three of the four games in the current series.

RECORD SOYBEAN CROP THREATENING SOFT PORK LOSSES

Urbana, Ill.—A record crop of soybeans in Illinois this year will mean heavy losses from soft pork if farmers attempt to use the whole soybeans for fattening hogs, according to a warning by Prof. Sleetor Bull, associate chief in meats at the College of Agriculture, University of Illinois.

While whole soybeans cause soft, flabby pork that is of inferior market quality, soybean oil meal used as a supplement for corn in hog rations will make firm pork, Prof. Bull pointed out. At the same time soybean oil meal will produce faster and more economical gains than can be obtained with whole beans.

It is suggested that farmers trade any whole beans which they would feed to hogs for soybean oil meal, thus securing a valuable farm-grown protein supplement for their corn and at the same time avoiding the risk of soft pork losses.

It is to the advantage and profit of farmers to do everything possible to avoid soft pork, since neither shippers, feeders, meat packers, exporters nor consumers want such meat, Prof. Bull said. The soft pork problem may become so serious that "soft" hogs will have to be discriminated against. A few loads of such hogs from any one shipping point would be sufficient to give the territory a reputation for inferior pork, with the subsequent danger of price penalties to producers.

An added inducement for using soybean oil meal instead of whole soybeans is the fact that it produces just as good gains as tankage and linseed meal and at present prices is more economical than these two supplements, Prof. Bull said. Experiments at the U. of I. College of Agriculture have shown that 14 pounds of soybean oil meal and four pounds of alfalfa meal are equal to the standard corn belt supplement of eight pounds of tankage, four pounds of linseed meal and four pounds of alfalfa meal. At present prices the soybean oil meal would be the more economical feed.

Other experiments in Illinois, Indiana and Ohio have demonstrated that soybean oil meal used to balance corn produces 10 to 30 per cent more rapid gains than whole soybeans, shortens the fattening period one to two months, saves 10 to 20 per cent of the feed and makes firm pork of high quality, Prof. Bull reported.

Corn and soybean oil meal fed at the rate of one bushel of corn and nine pounds of soybean oil meal with alfalfa meal makes a good ration for fattening hogs. However, a mineral mixture should always be fed when soybean oil meal is used in swine rations. A good home-made one can be mixed from 2 parts ground limestone, 2 parts bonemeal and 1 part salt.

1935 Jersey County Fair Breaks Even

Unusual Dairy Herd Exhibit Features Show; Cornell-East Engagement

Jerseyville—E. M. Porter, president of the Jersey County Fair Association, reported Friday morning that the organization will not make any money on this year's show but will pay expenses. For several reasons the officials of the association felt that it was the most successful show held for a number of years. Gate receipts for the week totaled \$20,001.30, with the largest amount being taken in Wednesday when the receipts were approximately \$1,000. No charge was made for autos.

The records this year show that entries in every department were more numerous than ever in spite of the limitation of premium awards to Jersey county exhibits only. The judges of dairy cattle reported that only one fair this season in the state had exceeded the show of dairy cattle and that was the Illinois State Fair itself. Premium winners received a part of their money and were given notes for the balance which will be paid when the state fund is available later in the year.

Engagement Party
The engagement and approaching marriage of Miss Mary Margaret Cornwell of Jerseyville and Dennis East also of this city was announced Thursday evening at an attractive party given by Mrs. Merrill Becker of this city and Mrs. Wilbur Breitweiser of Alton at the Maple Inn near Gedrey.

Miss Cornwell is the youngest daughter of Bert Cornwell who resides southwest of Jerseyville. She was a member of the 1928 graduating class of the Jersey Township High school and for a time taught in the rural schools of the county. She also held a secretarial position with the Central Illinois Public Service Company in Jerseyville.

Mr. East is the son of George East who resides south of Jerseyville. He is also a member of the graduating class of 1928 of the local high school and since that time has been affiliated with the Wells-Norris tire shop in this city.

Pirates Noseout Dodgers 5 To 4

Pittsburgh, Sept. 7.—(P)—The Pirates came from behind today to make it three straight over the Brooklyn Dodgers with a 5 to 4 victory in their final clash of the season. The teams divided the year's 22 games.

Earl Grace's home run after Gus Suhr had doubled in the sixth inning produced the winning rallies. Jim Weaver, who started for the Bucs, was driven out in the second, but Guy Bush checked the Dodgers with one more tally to earn his tenth victory of the season.

Hardin Admitted To Tri-County League

Carrollton, Sept. 7.—Hardin high school was admitted to membership in the Tri-County Conference here at a meeting Friday night, bringing the membership in the league for three year high schools up to ten schools. Other members of the conference are Alsey Woodson, Manchester, Kampsville, Hillview, Patterson, Eldred, Kane and Grafton.

R. L. McConnell, of Manchester, was elected president, and Superintendent Kinler, of Kampsville, was elected president and Superintendent Kinler, of Kampsville was elected secretary.

During the business meeting, the basketball schedule for the outdoor season was drawn up, and approved, and the dates for the annual tournament were set for Nov. 13-14-15 and 16. The tournament will be held either at Carrollton or White Hall.

Senators Trim Browns 7 To 4

Washington, Sept. 7.—(P)—The Washington Senators held to sixth place today by defeating the St. Louis Browns, 7-4, and were tied at 4-4 when the second contest of a double bill was called in the tenth inning on account of darkness.

The Browns got next to Ed Linke for three runs in the first inning of the opener, but he steadied down and Washington pounded out seven runs to take the lead. The Browns seriously threatened in the ninth, but Newsom, who replaced Linke, fanned Hemsley and Lary fled out.

The second contest was a pitchers' battle between Knott and Whitehill.

Capture Four Men In Indianapolis on Charges of Robbery

Suspected of Series of Jobs in and Around Alton; Two Men Wounded

Indianapolis—(P)—Indiana and Illinois police tried today to link four gunmen held here with more than 25 robberies.

The four, arrested separately during a five-hour man hunt by city and state officers yesterday, are: Frank Klize, 26, of Bond, Ill., shot four times by detectives who trapped him in his rooming house after he eluded prisoners by kidnapping an 18-months-old boy as a shield from their guns.

Gilbert Potts, 22, of Bethalto, Ill., shot in the left arm by Klize as officers approached them, "to keep your mouth shut," he said Klize told him.

Stanley Ribes, 23, of Bond, Ill., who said he became acquainted with Klize in an Illinois prison.

Eugene Schneider, 21, of Indianapolis.

A Sheriff Otto Ray of Marion county announced questioning of Klize and Potts cleared up three robberies in Illinois and two in Indiana.

Fifteen warrants have been issued for Klize, Potts and Ribes, Louis H. Haller, Alton, Ill., police identification officer notified state police. He said the three, with John Lyons, a man named Monard, and Russell Johnson, injured in a gunfight with police at Alton last Sunday, were members of a gang responsible for about 25 robberies in that vicinity.

Ralph Quinn, filling station attendant, said Potts "looks like" a gunman who shot and wounded a drug store messenger critically during a holdup of the station Thursday night.

Ralph Sutton, 25, who rode his motorcycle into the station and was mistaken for a policeman, is in a local hospital.

Sheriff Ray said large amounts of money, revolvers and jewelry were found in the rooms occupied by the four prisoners.

Mr. and Mrs. H. U. Osborne of Jacksonville and daughter, Mrs. E. R. Clemmons of Springfield were calling on relatives and friends here Tuesday.

Mr. and Mrs. C. L. Blakeman were business visitors in St. Louis Friday.

Huey Long Calls Special Session

Hope to Iron Out Some of Trouble in New Orleans

Baton Rouge, La.—(P)—Authoritative sources today said the Louisiana legislature would be called into special session tonight at 10 o'clock to enact a batch of new bills prepared by Senator Huey P. Long.

The legislators were told informally today to assemble for the special session tonight.

The law-makers will meet, barring

a last minute change in Long's plans, to enact legislation designed to help the City of New Orleans in its tangled financial condition, according to reports current about the state house.

The special session is the fourth this year and the seventh in the past thirteen months, most of which passed Long's requested legislation in the minimum time of five days and then went home.

Mrs. G. M. Cunningham and Miss Dorothea Tandick of Jacksonville spent Thursday with their brother, Edward Tandick and family.

Mr. and Mrs. George Edwards and Mrs. Edwards parents, Mr. and Mrs. Thomas King left Friday for a vacation visit with relatives in Kentucky.

Graduate of I. C. Becomes
Bride of Lieut. Jasper in
Kansas Ceremony

Mr. and Mrs. T. F. Shuman of Roodhouse are announcing the marriage of their daughter, Alma Frances, to Captain Oliver C. Jasper, son of Mr. and Mrs. J. C. Jasper of Leavenworth, Kansas. The wedding took

place on August 12, at Manhattan, Kansas, while Miss Shuman was there visiting friends.

The ceremony was solemnized by Rev. Johnkinson, pastor of Central Church of Manhattan, Philippine Islands, who was at home in the States on vacation.

The groom is a captain in the U. S. army, stationed at Fort Riley, Kansas. The couple first met in Staunton, Ill., where Mr. Jasper was formerly manager for the Consolidated Coal Co., in that district, at the time Miss Shuman was a member of the Staunton High school faculty.

Miss Shuman graduated from Roodhouse High school in 1919, and from Illinois College, Jacksonville, in 1923. Since then she has taught in various high schools including five years at Roodhouse. Last year she taught in the Wells High school, Chicago, and will continue in that position the coming year.

Where 75 Veterans Were Killed by Hurricane

Seventy-five war veterans were believed to have been killed when a hurricane wiped out Rock Harbor camp on Matcumbe Key, Fla. Hardly two boards of the camp buildings pictured above remained when rescue workers visited the site. Most of the others of the 200 veterans, bonus marchers employed on an FERA project, living in the camp, were believed to be injured.

WPA Projects Totaling More Than \$2,000,000 Asked for City, County

There will be little excuse for unemployment among the able-bodied citizens of Morgan county if all the projects that have been submitted to WPA are allowed. A program calling for expenditure of more than \$2,000,000 in Jacksonville and Morgan county has been prepared.

Most of this money would be spent in the city on public buildings and other improvements. The state would spend a million dollars on structures at the three institutions. The city would erect a new municipal light plant and distribution system and build a dam for an auxiliary lake. A hundred thousand dollars would be spent on a paving program.

In the country 300 miles of roads would be improved. At Nichols park extensive improvements would be made, including new roads, buildings and tennis courts. The municipality would spend more than half a million dollars, most going to labor.

All these things will come to pass if the projects are granted. Under this program all who are employable will be put to work. Projects will be created for those fitted for special service. The only people left on the relief rolls will be those permanent charity cases for which care must always be provided.

The entire plan rests for its success on the ability of the government to find enough projects and the willingness of the government to permit them. The first part has been practically accomplished thru the untiring efforts of project sponsors in city and county. Even the public schools are represented, and if plans now being worked out are successful, the city will complete its school building program ahead of schedule with the addition of two new and modern structures.

The second part of the program and the one that means real success is up to the government. If the WPA will give this county the projects asked, there will be plenty doing hereabouts for many months to come.

Volume of Legislation in
50th General Assembly
Covers 1,500 Pages

Secretary of State Edward J. Hughes has forwarded to the Journal and Courier a copy of the Laws of Illinois passed by the regular session of the Fiftyth general assembly. The book contains more than 1,400 pages of laws passed by the legislature, which covers a wide variety of subjects.

Appropriations take up nearly 200 pages of the volume. Laws concerning cities and villages cover nearly 300 pages. Counties also received considerable legislative attention. The volume also records the joint resolutions passed by the assembly.

The books are issued at the close of each general biennial session of the legislature and are distributed over the state to those who have reason to consult law books.

Hurricanes Puzzle Weather Men, Says Dr. Frank Norbury

Little Known of Storms'
Structure: Origin is
Close to Equator

By FRANK P. NORBURY

Very little is known regarding the growth and structure of the tropical hurricanes. According to Willet (National Research Council, Dynamic Meteorology) this is due to the impossibility of getting upper air data in the active region, and the rapidity with which these hurricanes go to pieces on passing inland.

The condition favorable to the formation of tropical hurricanes is one of light winds, great warmth and very high moisture content. They never form closer to the equator than six or seven degrees. Hence the regions most favorable for their formation are in the doldrums at the time of the maximum displacement from the equator, which in northern hemisphere is August and September, in the southern hemisphere February and March. They develop most frequently where the belt of calms is most marked, or over any warm tropical sea where the prevailing winds are light and especially in the belt of calms between two more or less marked conflicting wind systems. Such regions are found between two trade systems in the region of Cape Verde Islands in the western Caribbean Sea.

Low Pressure Beginning

During the initial stages of the development of the tropical hurricane, before any unified centered cyclonic circulation has made itself apparent, the immediate vicinity of the developing storm is far from one to five days, marked by low irregularly fluctuating pressure (barometric pressure), damp oppressive heat, and frequent local squalls and convection showers of torrential rain. Once the regular cyclonic circulation has become evident, the further development of the storm to hurricane intensity takes place very rapidly, if conditions are favorable. The fully developed hurricane is the most severe and intense type of cyclone, covering the least

area and having the lowest pressure and strongest winds. In contrast to the cyclonic land storms (tornadoes) which move generally from west to east with the prevailing winds of middle latitudes, the hurricanes move at first northward.

Disseminate Rapidly
If they pass inland they dissipate very rapidly. If they do not pass inland first, they recurve northward and then eastward, many of them passing into the regular paths of extra tropical storms and travel great distances. After their recurvature they rapidly take on the characteristics of the extra tropical storms. Maps of the storms of recent years as plotted by the U. S. Weather Bureau show clearly the characteristics of the hurricanes.

Timing of the movement, and barometric pressure, winds, precipitation, etc., are noted on the maps.

It is to be noted that two movements of the storm after it is started on its way are: (1) the winds directed around and inward toward the center; (2) the forward movement in a fully developed hurricane is violent, the velocity of the wind approaching and may exceed one hundred miles an hour.

Small in Diameter
The diameter of the destructive

winds may be only twenty-five miles, while in some the diameter may be as much as four or five hundred miles. While not much is definitely known as to the structure of a hurricane, yet conditions making possible their occurrence are well known and when observed give ample time for storm warnings other premonitory signs, as stated by Tannehill of the U. S. Weather Bureau are to be noted. He says that in the tropics weather is much the same from day to day. Therefore when certain changes are noted, something may happen. One of the definite signs is the sea-swell. It appears at sea as a long unbroken wave, with the time interval longer than that observed in ordinary sea swells. As the storm approaches the seas become heavier and rougher as

the tides rise above normal heights. The winds blow in at angles from 15 to 25 degrees. The storm advances westerly. It may be deflected by westerly high pressure and then pass inland. Some may invade the Mississippi Valley and even pass on to St. Lawrence Valley.

Sunday will be your last chance to swim in Nichols Park pool.

Patients at State
Hospital Enjoy Big
Feast Saturday

Postponed Watermelon Feed
Served on Lawn: 15,000
Pounds Consumed

The annual watermelon feast for patients at the Jacksonville State hospital, which was postponed from Labor Day, was held Saturday afternoon, long tables on the institution grounds. Fifteen thousands pounds of luscious melons were distributed among the 3,300 patients.

Melons were sent out to the details working on the farms, and were served in the buildings to those patients who were unable to go to the lawn. The melons were large and of unusually good quality, with an average weight of 24 pounds each.

The feast was to have been held Labor Day, but continued rain and the softness of the ground prevented. Meanwhile the stock of melons was increased about 1,000 pounds. The melons have been kept in cold storage for many days and were good and cold. The patients greatly enjoyed the treat. Each person had all the melon he could eat.

OFFICERS HUNT
FOR PRISONER
WHO ESCAPED

Alleged Burglar Makes Dash
For Freedom From
County Jail

Altho city and county officers joined yesterday in a search for Ival Fister, 20 year old alleged house-breaker, who escaped from the county jail yesterday morning, they reported last night that they had failed to find any trace of him. Fister, dodging behind a cell block when the turnkey and assistant went to take his morning rations, escaped from the prison by making a quick dash down the stairs and out of a rear door.

Fister was believed to be in a locked cell when John Bland, turnkey and Harvey Story went to the second floor to serve the prisoners breakfast. He was in the bullpen, having picked the lock of his cell during the night.

When the attendants missed the prisoner they went to the opposite side of the cell block, Fister making a dash for the door from his hiding place.

"He must have made a key with his spoon," Bland said Saturday, "because we couldn't find it this morning."

"The cell door was locked at 7:15 last night. I locked it and Fister was in there with another prisoner. The other prisoner did not make any attempt to get out of the cell this morning."

The turnkey made an effort to catch the fleeing prisoner as he ran down the steps but failed to get near enough to grab him.

He succeeded in getting down the stairs and rushed into the kitchen where Buster Tribble, an employee of an ice company, was delivering ice. Fister pushed the ice man to one side and ran out of the door. Mrs. Bland also witnessed the escape of the prisoner.

Fister was dressed in light trousers and wore a sweater, but had no hat. The route he took away from the

neighborhood of the jail has not been determined.

Deputies were soon engaged in a search for the youth, who in July confessed to several house robberies here. He was under bond awaiting action of the November grand jury.

All members of the county force joined in the hunt for the missing prisoner. As Fister was a transient, it is believed he would make an immediate effort to leave the city.

Fister in signed confessions to police admitted he robbed the homes of Miss Jeannette Vieira, 838 North Church street, and Charles Wright, 747 West Douglas avenue. The burglaries occurred July 13 and 14, part of the loot having been recovered by officers when they searched a room the suspect had occupied.

The fugitive is a paroled convict from the Oregon penitentiary. Records showed that he had been in trouble several times before.

HOW DOES SHE
KEEP HER

Youthful
Skin?

SOME women have complexions that never seem to age. They keep—for years—that soft, velvety skin and radiant complexion that wins the admiration of men and the envy of all.

How do they manage to keep this loveliness so far beyond their teens?

Scientists have discovered the answer. They tell us that this glowing type of beauty lasts longer when nature's store of certain essential mineral salts is renewed constantly.

No diet can be entirely depended on to supply these vital elements in just the right proportions. Yet there is a way to solve this beauty problem.

A leading University chemist has perfected a formula which combines all vital elements, including the 11 Magic Minerals, offering them to you in a new kind of delicious bread—Youth Bread. This formula is used exclusively by the bakers of Youth Bread. Ask for Youth Bread at your grocer's today. Serve it with every meal. You'll like its flavor.

PAUL S. BLACK, MISS DUNCAN WED SATURDAY

Well Known Morgan County Couple United In Marriage

At a home wedding beautifully in quiet simplicity, Miss Dorothy Catharine, daughter of Dr. and Mrs. W. P. Duncan, became the bride of Paul Samuel Black, son of the late Charles S. Black and Mrs. Black, of 920 West State street, Saturday evening, September seventh, at seven o'clock, before members of the immediate families only.

The Reverend McKendree Blair officiated, using the double ring ceremony of the Methodist Episcopal church. The vows were spoken before an altar of green, palms and ferns and white flowers, with the white satin altar pillows used at the wedding of the bride's mother in 1903.

The bride wore her mother's wedding gown of white corded satin, fashioned with a long train and the veil crowned with a wreath of orange blossoms. She carried a bridal shower bouquet.

Mrs. John Taylor, dressed in pale blue with a shoulder corsage of Tallman roses tied with silver ribbon, was the matron of honor. John Taylor attended the groom. Following the wedding, the Colonial Inn served supper, a feature of which was the bride's cake.

Mrs. Black is a graduate of the Jacksonville High school and Ward-Belmont, Nashville, Tennessee, and received an A. B. degree from the University of Illinois. She spent three months in study and travel with the Ward-Belmont European party. She is active locally and in the state work of the Woman's club and the D. A. R.

Mr. Black attended the Jacksonville High school and graduated from Brown's Business College. He is a well known farmer.

The marriage of Miss Duncan and Mr. Black unites two families prominent in the affairs of the city and county.

Mr. and Mrs. Black are spending their honeymoon in the North, and after October fifteenth will be at home north of the city.

HOLDFUNERAL SERVICES FOR MINNA FOTSCH

Rites Are Conducted Saturday In Mercedosia; News Notes

Mercedosia, Sept. 7.—Funeral services were held at the M. E. church in this city Saturday afternoon for Mrs. Minna Fotsch who died at her home here Thursday morning.

The services were in charge of Rev. George Scribner of Jacksonville assisted by Mrs. N. S. Madden. The hymns were sung by Mrs. C. G. Weghoff and H. A. Naylor with Mrs. H. A. Naylor as accompanist.

The beautiful floral tributes were cared for by Mrs. C. J. Schmitt and Mrs. Henry Naylor. The casket bearers were: J. L. McLain, L. J. Rice, W. L. Widway, Rube Puls, Herman Adelman and John Beauchamp. Interment was in Oakland cemetery.

Minna Hansmeyer was born near Beardstown, Ill., April 12, 1855, and died at 2 a. m. Thursday. Miss Hansmeyer was united in marriage with Rev. Wm. Fotsch, a minister of the German Methodist Episcopal church of the St. Louis conference. Together they served churches in that conference at Nauvoo, Ill.; Farmington, Iowa; DeSoto, Mo.; Brighton, Ill.; Mt. Vernon, Ill.; and Baldwin, Mo., after her husband's retirement they lived for a time at DeSoto. Here her husband became ill and was removed to the Jewish Hospital in St. Louis, where he passed away July 17, 1911, and was buried at the Oakland cemetery in this city.

Mrs. Fotsch and daughter moved to this city several years later where in her own home and the home of her daughter she spent the remaining years of her life. Three daughters of Mrs. Fotsch are deceased. The surviving children are a daughter, Mrs. Henry Hinners of Mercedosia, and two sons, Fred and Wesley of St. Louis, Mo., and six grandchildren.

PROGRAM FOR SCHOOL YEAR IS OUTLINED

Dr. R. O. Stoops Addresses Faculty Members At Meeting

Saturday afternoon Superintendent of Schools Dr. R. O. Stoops outlined the school program and calendar for the coming year at the meeting of the faculty of the high school and grade schools held in the high school.

The school calendar for the coming year is somewhat changed from the calendar of previous year. This year school is starting a week later, on Sept. 9, and will close a little later, on Wednesday, June 2.

The Christmas holiday is longer this year, because Christmas comes on Wednesday and New Year's Day falls on the following Wednesday. The Christmas vacation will extend from Dec. 20, 1935, to Jan. 6, 1936. There will also be a vacation of Thanksgiving and Good Friday. The success of this calendar of starting school later and of a longer Christmas vacation will determine the schedule of school season for next year.

In speaking of the school program, Dr. Stoops said they were anticipating a year very much the same as the preceding year. No change has been made in the faculty of the elementary schools and the enrollment in them for the past five years has not varied. A larger enrollment is expected in the Junior High school and the school board is anticipating an enrollment of a full thousand in the High school.

An effort on the part of the faculty will be made to classify all students as homogeneously as possible, noting any misfit of the student either mentally or socially. Such notations should be reported to the principal immediately, he said. When almost 100 per cent of the children of grade school age are enrolled in the elementary schools and 64 per cent of the students of high school age are enrolled in the high school, one can easily see the great diversity in types of children in the school room.

Three new teachers have been added to the faculty of the high school. Mr. Payne comes here with a Master's degree in history from the University of Illinois. Mr. Vickery, Master's degree in history from the University of Chicago, and Miss Helen Richards, Master's degree in English from Illinois College. Both Miss Richards and Mr. Vickery are local people.

The school plant has been put into excellent condition during the summer. Many of the supplies are here and have been checked out. New books have been put in all the libraries of the city school. Five hundred dollars worth of books have been added to the high school library, 200 to Junior high school library and \$500 worth of books and supplies in the elementary schools.

Exeter—Mr. and Mrs. Lyle Mathews and family were Mercedosia visitors in the home of Mr. and Mrs. Joe Irving.

Mr. and Mrs. Carl Back and daughter of St. Louis visited Saturday and Sunday at the home of Mr. and Mrs. Fred Finn.

Mr. and Mrs. G. E. Bimett and son, Billy, and Mrs. Coultas of Jacksonville spent Labor Day at the home of H. J. Rattigan.

Miss Belle McKamy spent Tuesday in Winchester with Mrs. Harold Easley.

Mr. and Mrs. H. C. Mathews spent Saturday and Sunday at the home of her daughter, Mrs. Leslie Leib of Winchester, Iowa.

School opened here Monday with Miss Viola Cox as teacher.

Russell Six, who has been employed as assistant in the Easley Bakery, moved his family to Winchester.

Manuel Six, who has been on the sick list, is now convalescing.

Mary Francis Morris has returned to her home and school work here after a two weeks' visit with her aunt, Mrs. Lloyd Yeck.

Albert Funk of Quincy spent his Labor Day vacation at the home of his brother, James Funk.

Mercedosia callers in the business district here yesterday included Mrs. A. H. Unland.

Mrs. Harvey Garrison, of Hillview came Friday to visit her daughter, Mrs. Charles Burch and family.

Mercedosia callers in the business district here yesterday included Mrs. A. H. Unland.

Among the Saturday shoppers in the city was Mrs. Wilbur Six, of Mercedosia.

Mercedosia callers in the business district here yesterday included Mrs. A. H. Unland.

Local Merchants Offer Many Unusual Values As Schools Are Opened

School bells will ring in Jacksonville Monday, and hundreds of boys and girls from the little tots in the grade schools to young men and women of high school age, will return to the houses of learning. Parochial schools already are in session; the two state schools and colleges will begin new semesters this month.

Not all activity attendant to the beginning of the school term is in the school rooms. The Jacksonville merchants get ready for the school year, too. It is their business to see that the boys and girls are equipped for season.

Large and complete stocks for students — clothing, shoes, books, all kinds of supplies—have been made ready in the stores. The students remain all winter and spring. They find the merchants helpful in making selections. The most cordial feeling has always existed between the student groups of Jacksonville, and the merchants.

CAREFUL FITTING
are important in fitting children for their school
duties. Growing feet need careful handling if future
foot troubles are to be avoided. Good shoes are bet-
ter for the foot and wear much longer.

School Days Are Here
Again . . .
Remember how the butter used to spread over the golden crusted
bread of your childhood? Remember how good it always tasted
after school or at the lunch hour? That's the sort of taste-thrill
you have in store when you butter your first piece of **KLEEN-MAID**
Bread! There's an old-time, home-made flavor . . . the sort of
taste that makes you gobble up the last crumb and reach for another
piece. It's a flavor you'll find uniformly in EVERY loaf.
Ask for **KLEEN-MAID**
White bread, Rye, Honey Krushed Wheat, or Buns. You'll enjoy
their taste.
